CUSTOMER NOTE: Please carefully read the Ultraroof Complete Guide to Selling, Surveying and Specifying before filling in order details.

HOW TO PLACE AN ORDER FOR ULTRAROOF:

1. Sketch plan & elevations.

(If necessary, attach photos of existing property. Indicate on drawings if any part of project is existing).

2. Mark and caption the positions of all walls,

brick piers, windows/doors, cut outs / intrusions.

 Mark the preferred positions of any a) roof windows (vents) or velux b) rectangular glazed panels.

4. Upon placement of your Ultraroof order, an order confirmation is generated which must be signed and emailed back.

NOTES:

Please see p29 of Ultraroof guide to selling, surveying and specifying for list of what IS / IS NOT included

ANCILLARY EXTRAS

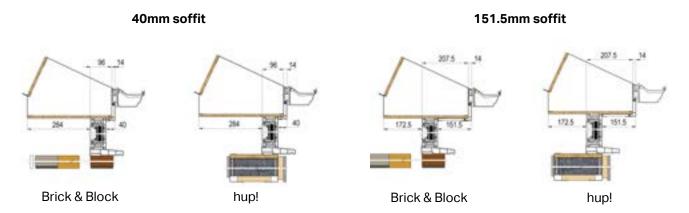

The installer is responsible for ensuring that where Ultraroof is supported by means such as masonry or timber/ PVCu frame walls, the structure provides enough lateral support and resistance to wind uplift. Further guidance can be obtained through Ultraroof's technical documentation/ guides. Ultraframe is not responsible for the structural adequacy of any existing building work used as part of an overall project. Whilst assistance is provided ultimate responsibility for securing Building Regulations lies with the retail installer.

For further guidance please contact the Technical Support Team on 01200 452918 or email techsupport@ultraframe.co.uk

Boundary wall options - Brick & block only

SIGNED

hup! Base DPC to ground level

dimension required

Base DPC is usually door cill if aligning floo levels with the house.

Drain Pipes

1. Base

Are you using the hup! Base? Yes No

If yes, please answer the questions below: What height is the base DPC to ground?

Which foundations will you be using? Pads **Ground screws**

If using ground screw, please indicate the name of your ground screw provider. **GBGS** Other supplier

Which skirt finish do you require? Plain Brick slips (brick type)

If you would like brick slips, please let us know the brick type and mortar colour. **Smooth Anthracite** Smooth Red Rustic Buff Multi Brick type Red Multi

Mortar colour Grey Intrusions needed (please mark on the base plan below)

Please draw the footprint of your building marking each elevation A, B, C, D etc. If you are using full height walls from base, you should use the base datum which lines up with the external of the Ultrapanel clips - wall finishes and battens will overhang the base. If you are using hup! on existing walls, please complete the below details.

Drain cover

Obstruction

See specification guide for more details.

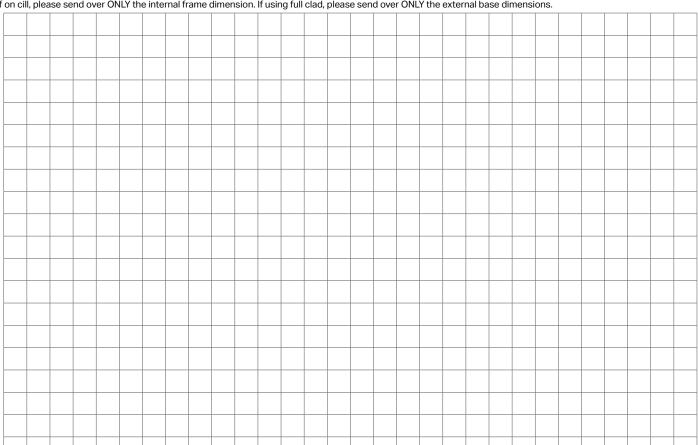

If you have a sloping skirt, please draw it on the diagram, giving a measurement every metre.

hup! on existing wall

Is hup! going on a existing wall? Yes No What is the thickness of existing wall? mm

Do you want it on cill or full clad? Cill (use internal frame dimension) Full Clad (use external base dimension)

If on cill, please send over ONLY the internal frame dimension. If using full clad, please send over ONLY the external base dimensions.

Extended Base Tray required?

Width of Cavity wall 300mm. See hup! Specification Guide for more details.

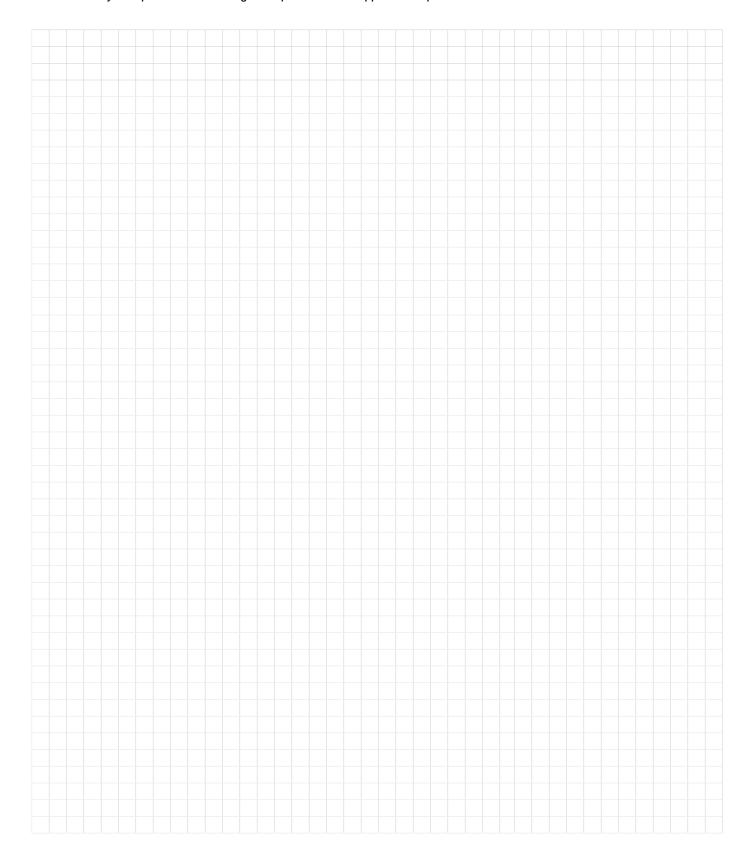

Please note hup! walls will protrude at least 45mm (25mm for battens, plus c15mm depending on claddings) outside of your base so that the wall finishes (claddings) will be ventilated. All critical dimensions will be confirmed before order stage.

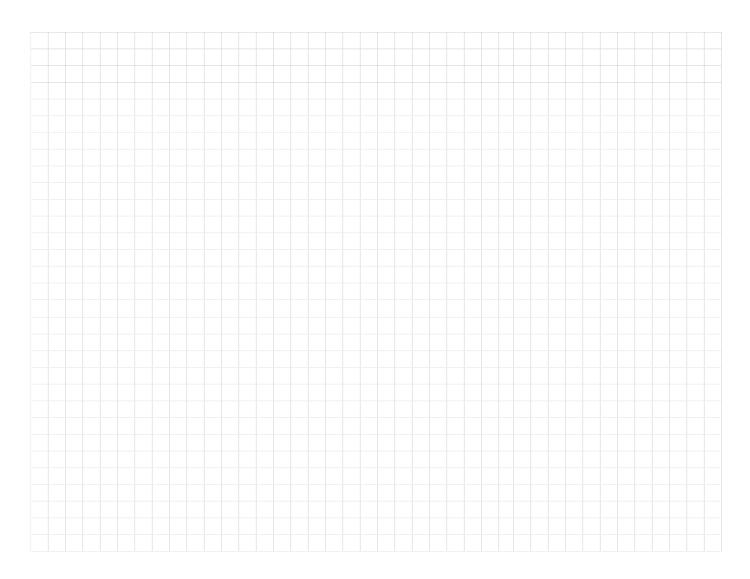

2. Elevations

Please draw each elevation of your hup! walls marking the elevations clearly with A, B, C, D etc. Include window and doors sizes and distance from the eaves as well as the floor clearly.

Tick this box if you require the cable management panel which is supplied on all panels above 560mm.

3. Wall Finishes

The type of wall finish can change the sequence of the battens and calcium silicate board, please tick the wall finish for this project?

Brick Slips Render External Cladding - Type

4. Walling kit

Please tick the box to confirm which elements of the walling kit you will require to be supplied by Ultraframe.

None - I am supplying my own Ventilation trim only

Aperture trim only Batten kit (includes battens and fixings)

Render Board kit (includes ventilation trim, aperture trims and battens)

Brick Slip Rails (includes trims, battens and render Board. Brick slips not supplied)

5. Aperture Trim Colour

White Smooth Grey Light Oak Rosewood
