

Elevate your designs with the Stratus Flat Skylight

STRIKING FROM EVERY ANGLE

Elevate your designs with the Stratus Flat Skylight—crafted to transform any space by flooding interiors with natural light. Engineered for fast, straightforward installation and finished with a clean, modern aesthetic, it's the perfect blend of style and simplicity your clients will love.

Whether your home is traditional or modern, the Stratus Flat Skylight is the perfect addition - ideal for kitchen or dining extensions, or any room where light is limited. Its minimalist aesthetic and clean lines make it a seamless fit for any property type.

Beyond its visual appeal, this rooflight offers exceptional performance. Enjoy peace and quiet thanks to high performance noise-reducing glass.

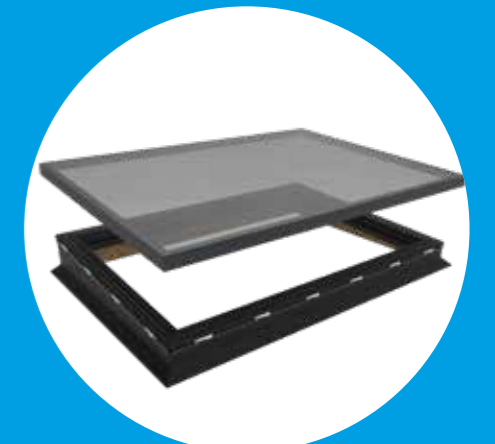

DESIGN AND COLOUR OPTIONS

Specifically designed for orangeries, extensions, and flat roofs, the Stratus Flat Skylight offers a contemporary look while flooding your space with natural light

- Contemporary profile - 30% lower
- Hidden fixings for clean exterior
- Modern Satin finish
- Thermally broken
- Aluminium externals for aesthetics and durability
- PVC frame for thermal performance
- Building Regulation Compliant

Our advanced glass is designed to minimise heat loss, reduce solar gain, and limit noise pollution while still allowing maximum natural light to fill your room. With a 34 db Rw acoustic rating the glass significantly reduces external noise, heavy traffic suddenly drops to the same level as a refrigerator. Available in both clear and blue tint options to suit your style and performance needs.

Note: For installations over 5 metres above floor level or over a body of water, inner glass panes must be laminated to meet safety regulations.

WEATHER TESTED

Weather testing to BS 6375 means a product (window or door) has been tested according to British Standard procedures, which specifies performance classifications for air permeability, water tightness, and wind resistance. The Stratus Flat Skylight has been tested to meet these specific levels of performance for weather resistance.

The Stratus Flat Skylight is available in Grey (RAL7016), Black (RAL9005) and White (RAL9003), each one is made to measure and can be supplied in both square or rectangular shapes, in sizes ranging from 500mm x 500mm, up to spans up to 2792mm and Slopes of 1500mm – see matrix for configuration details.
